Attn: US EPA Title VI department

To: the US EPA Title VI department....

[REQUEST] if possible to RE-OPEN my previous

complaint against the City of Flint as to its

discriminatory WASTE and ABUSE of US EPA

FUNDS in the amount of \$ 100 million dollars...

[AND] it I further believe that the City of Flint

and its contractor ROWE are NOT being 100%

forth coming so as to DUPE the Flint City

Council [and] the US EPA, and VNA into paying out sum total of Billions of Dollars because the EPA administrator is a BLACK man who is "in touch" with the plight of historically disadvantaged Black disabled folk such as myself

From: (b) (6)

RE: "Councilwoman Candice Mushatt, Pfeiffer, and Councilwoman Jerri Winfrey-Carter said they called Rowe on behalf of residents but received no response. Winfrey-Carter said residents are "fed up."

"It's been a long time. This project should be finished," Winfrey-Carter said."

<https://flintbeat.com/flint-city-council-votes-against-1-6-million-water-service-line-replacement/>

Here... I believe that the US EPA Title VI department MAY not take action IF an issue is pending before the courts.... however, it MUST be noted that an ADJUDICATION (see attached) of

CONTEMPT against the City of Flint ADMINISTRATION and Flint Mayor Sheldon Neeley has ALREADY been decided by the Honorable US District Court Judge - LAWSON.

Simply put... the City of Flint is putting against me..... discriminatory WASTE and ABUSE of US EPA FUNDS in the amount of \$ 100 million dollars... [AND] it I further believe that the City of Flint and its contractor ROWE are NOT being 100% forth coming so as to DUPE the Flint City Council [and] the US EPA, and VNA into paying out sum total of Billions of Dollars because the EPA administrator is a BLACK man who is "in touch" with the plight of historically disadvantaged Black disabled folk such as myself.

Best,

/s/
