

# U.S. EPA Clean Water Programs and Partnerships for Land Protection

Join an upcoming Watershed Academy webinar to learn about how Clean Water Act (CWA) programs and partnerships can advance land protection. This webinar will highlight opportunities to integrate land protection across CWA programs, including the CWA Section 319 Nonpoint Source Program, the Source Water Protection Program and the Clean Water State Revolving Fund. In addition, this webinar will highlight how EPA tools, like *How's My Waterway*, can help land conservation organizations and partners. Participants will have

an opportunity to ask questions and share their approaches for protecting lands with federal support.

December 16, 2024, from 1:00-3:00 PM Eastern

- **Jesse Boorman-Padgett**, Water Data Integration Branch, U.S. EPA
- **Steve Epting**, National Nonpoint Source Program, U.S. EPA
- **Kira Jacobs**, Source Water Protection Program, U.S. EPA Region 1 (New England)
- **Alison Souders**, Clean Water State Revolving Fund, U.S. EPA

**Register in advance at EPA's  
Watershed Academy:**
